

RINK #3 ENTRANCE PROTOCOLS

Beginning Monday, August 17, 2020 Rink #3 at the Sixteen Mile Sports Complex will use a different entrance from Rink #2. This is to prevent crossover from rinks and to continue to ensure the health and safety of all skaters, coaches, members, and staff.

The new entrance to Rink #3 will be from UPSTAIRS. You will enter at DOOR 24. There will be signage outside the building upstairs showing you where to go.

You will enter and exit at this door **ONLY** for sessions on Rink #3. You will go down the stairs, following the directional arrows and enter the hallway on the lower level where you will sign in for your session.

At the end of the session, you will exit the facility the exact same way you entered.

Skaters, parents/guardians and coaches with sessions on Rink #3 will NOT be permitted to enter at the lower Athlete's Entrance.

Masks are required upon entry into the facility, regardless of if you plan to stay for the session or are just dropping off your skater.

Parents/guardians are still not permitted to tie their child's skates inside the building. This must be done ahead of time, outside of the building. If your skater does not want to walk down the stairs with skates on, try to register for sessions only on Rink #2.

All other policies and procedures remain the same and are available at all times on the COVID-19 specific page of our website: <https://www.skateoakville.ca/skating-programs-oakville/covid-19/>
