

RINK #2 ENTRANCE PROTOCOLS

The entrance to Rink #2 is the lower Athletes Entrance on the west side of the building. Please park in the lower parking lot. You will enter and exit at these doors only for sessions on Rink #2.

You will walk down the hallway, past customer service and Rink #1 to the sign in table. Please follow physical distancing when in the hallways and at the sign in table.

The sign in table will have a dressing room assignment sheet, please know which session you are here for and check the list to see your dressing room assignment. Dressing rooms are permitted to have 9 skaters in them.

Parents/Guardians wishing to watch sessions on Rink #2 will be standing INSIDE the rink (the cold part), not in the hallway, and are to be on one of the yellow dots only. Spectators are not permitted to be in the hallway during sessions for any reason.

When the session is over, skaters and spectators will immediately leave the area and exit through the same doors they came in. This means you cannot stand around and chat with friends, coaches, parents etc.

The designated washroom for Rink #2 is the Family Washroom near the sign in table.

Skaters, parents/guardians and coaches with sessions on Rink #2 will NOT be permitted to enter at any other entrance.

Masks are required upon entry into the facility, regardless of if you plan to stay for the session or are just dropping off your skater.

All other policies and procedures remain the same and are available at all times on the COVID-19 specific page of our website: <https://www.skateoakville.ca/skating-programs-oakville/covid-19/>
